I am very happy to be the representative for the volunteer program. You mentioned that this event is to promote the local economy. - The registration will close seven days before the event.
- The conference will be held in the Main Hall.
- Participants will park in the university parking area.

Below is a list of things that still need to be decided:

- Can we use the cafeteria for the lunch time reception?
- Have you received the speech titles for the mayor and the two remaining presenters?
- How will we arrange the tables and chairs for the debate?

The number of volunteers that can help with the conference isn't set yet. I'll send you the list as soon as possible.

This is my first time being on a committee like this, and I am rather anxious, so I would appreciate any advice you have.

I'm looking forward to assisting and attending the presentations.

With regards,

Student group representative

Re: Event Plan

Dear representative and group members,

Thank you for making the draft. You've done a really good job.

The time schedule and order of events look good to me. The Main Hall worked really well as a venue last time. It has a good capacity for this type of event. As a university staff member, I can reserve it for free. Closing the registration seven days before the conference is too short. It doesn't give us time to prepare materials and send out information. You also mentioned parking. The university parking lot will be open for the event, so participants can use it without having a permit.

With regard to the information you requested, I have received the remaining two presentation titles. One presenter is a local businessperson, who will talk about changes she has made in her company. The other presenter is a local chef. She will introduce recipes using locally grown mushrooms. I will update their presentation details on the schedule and send it back to you. Also, the mayor has provided a title for his closing speech, "Our town, our future." As for lunch, the cafeteria staff don't work on weekends, so we need to rethink it. Do you have any suggestions?

I have attached a diagram for the debate seating arrangements. You will notice that there needs to be a small desk for the moderator in the center. There should be one table on each side of the moderator, and these tables should face slightly inward. As we have two debaters on each team, use the long tables. There isn't a lot of time to set up the stage for the debate, so you will need a few people to help carry the tables and chairs.

Thank you for your assistance.
Henry Ryan
